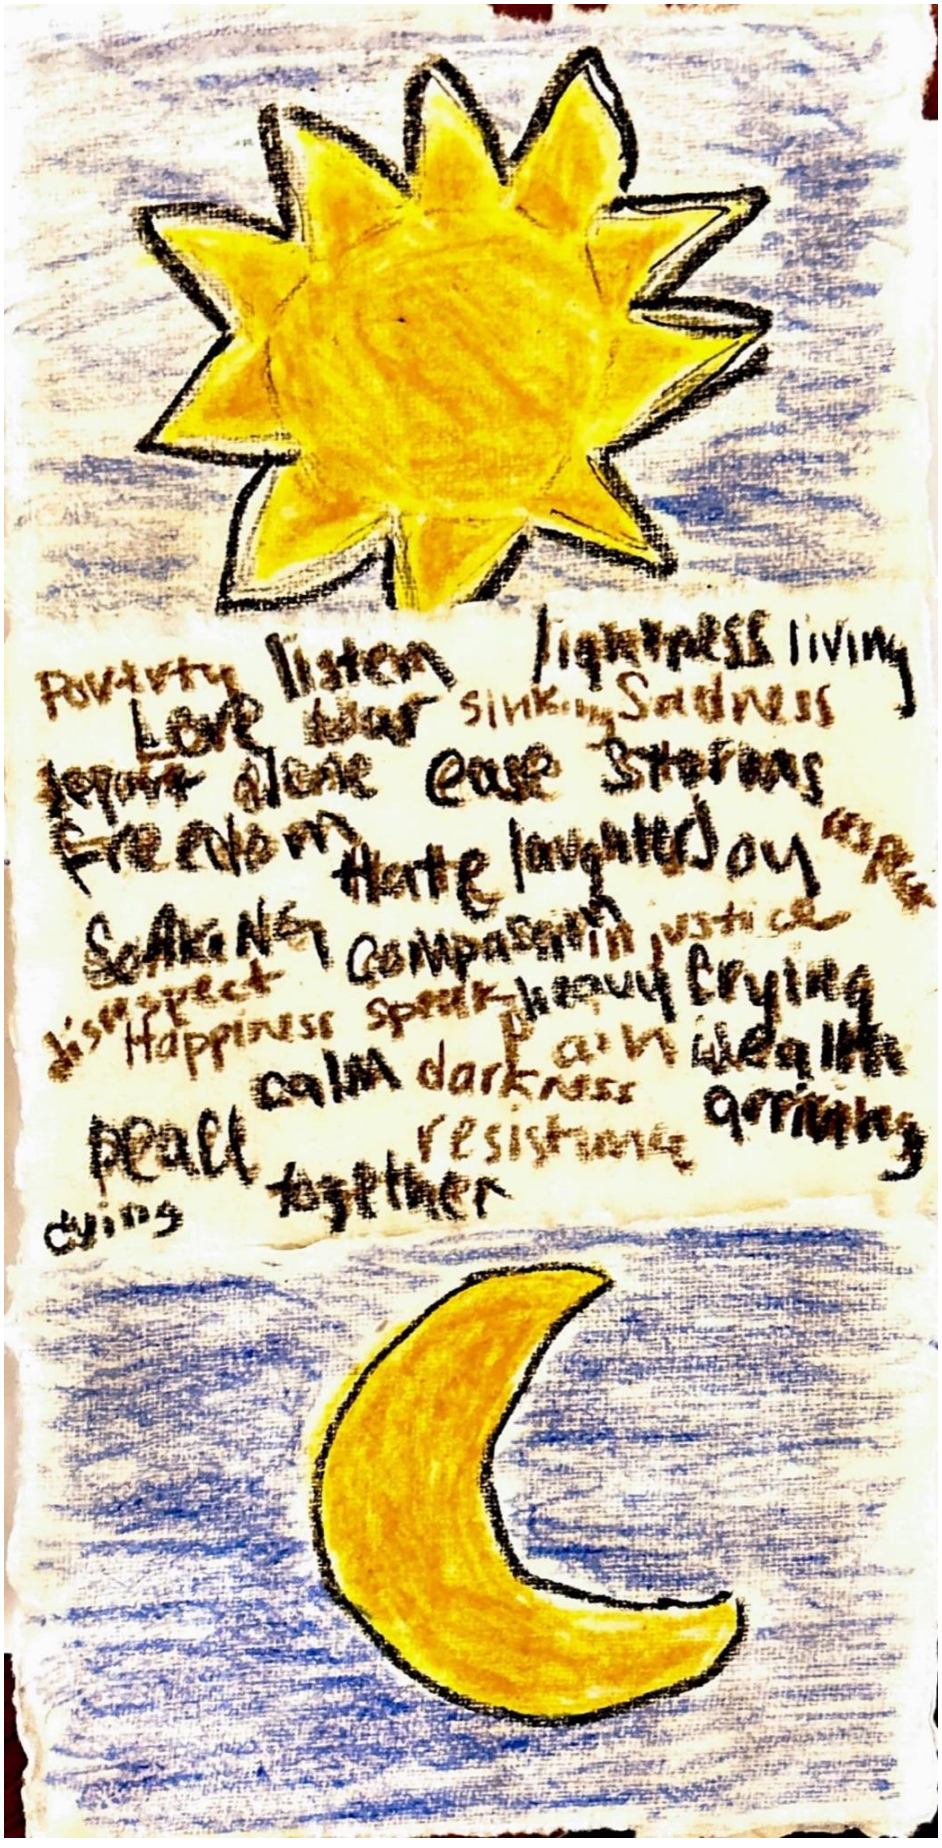
We all live under the
same sky.

We see the same sun
as it rises and sets -
same with the moon
and all its phases

That is something we
all share together,
Isn't that incredible?

We all live under one
great big sky.
But...
We experience different
lives



Poverty
listen
lightness living
Love
blur
sinking Sadness
leave alone
ease
Storms
Freedom
Hate
laughter joy
Sadness
Compassion
Happiness
spark
heavy
crying
calm
darkness
pearl
together
resistance
grieving
dying
